Updated: Wed, 24 Jun 2026 06:08:00 GMT

Applies to

NetApp Support Site

Answer

Summary:

For a full list of supported browsers, please visit the [Support Site Browser Policy](#).

For best experience when using Internet Explorer while navigating the NetApp Support Site, turn off the compatibility mode.

Details:

For best experience when using Internet Explorer while navigating the NetApp Support Site, perform the following steps to turn off the compatibility mode:

1. Go to **Tools > Compatibility View Settings**

2. Uncheck the following checkboxes:
 - a. Include updated website lists from Microsoft
 - b. Display intranet sites in Compatibility View
 - c. Display all websites in Compatibility View

3. Click **Close**
4. Refresh your browser
