

Event logs reporting Hardware error on the EBS volumes

https://kb-stage.netapp.com/cloud/Cloud_Volumes_ONTAP/Event_logs_reporting_Hardware_error_on...

Updated: Wed, 24 Jun 2026 07:24:43 GMT

Applies to

- Cloud Volumes ONTAP

Answer

- It's due to backend network or environment related issue at the cloud provider end.

Additional Information

- Cloud Provider needs to be contacted to understand the cause of the network glitch at their end.
