

SnapCenter is searching for a storage system that is not registered with it

https://kb-stage.netapp.com/data-mgmt/SnapCenter/SC_KBs/SnapCenter_is_searching_for_a_storage...

Updated: Wed, 24 Jun 2026 06:32:06 GMT

Applies to

SnapCenter Server (SC) all versions

Issue;

Discovery and Backup jobs ending with a warning in **Job Details**:

```
storage '<SVM>' is not registered with SnapCenter Server.
```

```
Recommendation: Register or rediscover the storage.
```
