## Can you rekey disks from System Manager?

[https://kb-stage.netapp.com/on-prem/ontap/OHW/OHW-KBs/Can\\_you\\_rekey\\_disks\\_from\\_System\\_Man...](https://kb-stage.netapp.com/on-prem/ontap/OHW/OHW-KBs/Can_you_rekey_disks_from_System_Man...)

Updated: Wed, 22 Apr 2026 02:10:28 GMT

### Applies to

- ONTAP 9
- System Manager

### Answer

Yes, you can rekey disks from System Manager.

Navigate to Settings -> Security -> Encryption.

Follow [Encrypt stored data using self-encrypting drives](#).

**Note:** if you rekey disks from the System Manager, **all** of the keys will be rekeyed to the first key from the key

query. To confirm what key will be used, run the [security key-manager key query](#) command.
