

Cannot assign a new signature when mounting the snapshot volume on VMware vCenter

https://kb-stage.netapp.com/on-prem/E-Series/SANtricity-OS-KBs/Cannot_assign_a_new_signature_w...

Updated: Wed, 24 Jun 2026 07:24:37 GMT

Applies to

- E-series SANtricity OS
- VMware ESXi
- E-series Snapshot Volumes

Issue

Cannot **Assign a new signature** or **Keep the existing signature** when mounting the snapshot volume after scanning on VMware vCenter.
