

Unable to detect SnapMirror or SnapVault relationship after MetroCluster switchover

https://kb-stage.netapp.com/on-prem/ontap/mc/MC-KBs/Unable_to_detect_SnapMirror_or_SnapVault_...

Updated: Wed, 24 Jun 2026 07:24:50 GMT

Applies to

- ONTAP 9
- MetroCluster (MCC)
- SnapMirror

Issue

SnapMirror destination information is missing after Switchover or Switchback in the Metrocluster (i.e. on ONTAP Upgrades), for example:

After Site A does a 'switchover' of Site B the `snapmirror list-destinations` the command does not find any of its SnapMirror relationships.
