

Recovery of database after restore from a SnapCenter DB2 Plug-in backup

https://kb-stage.netapp.com/data-mgmt/SnapCenter/SC_KBs/Recovery_of_database_after_restore_fro...

Updated: Wed, 24 Jun 2026 06:08:03 GMT

Applies to

- SnapCenter 4.0 and higher
- SnapCenter Creator Plug-in for DB2

Issue

The documentation on the automation store for the DB2 Plug-in doesn't explain the ways to recover the database after a SnapCenter restore
