

SnapCenter does not discover LUNs created outside SnapCenter or VMDK disks

https://kb-stage.netapp.com/data-mgmt/SnapCenter/SC_KBs/SnapCenter_does_not_discover_LUNs_c...

Updated: Wed, 24 Jun 2026 06:32:14 GMT

Applies to

- SnapCenter Server
- SnapCenter Plug-in for Microsoft Windows

Issue

LUNs created outside SnapCenter or VMDK disks are not listed in the [Hosts] -> [Disks] page. Even though [Refresh Disks] is clicked on the page, the disks are not discovered.
