

## How to take JVM full thread dump of ocie on Active IQ Unified Manager virtual appliance

[https://kb-stage.netapp.com/data-mgmt/AIQUM/AIQUM\\_Kbs/How\\_to\\_take\\_JVM\\_full\\_thread\\_dump\\_of\\_...](https://kb-stage.netapp.com/data-mgmt/AIQUM/AIQUM_Kbs/How_to_take_JVM_full_thread_dump_of_...)

Updated: Wed, 24 Jun 2026 07:24:37 GMT

### Applies to

- Active IQ Unified Manager (AIQUM) 9.14
- VMware virtual appliance (vApp)

### Description

Although AIQUM support bundle includes thread dump of **ocie** process as `threadDump.txt`, sometimes it isn't good enough for analysis. This article explains how to take JVM full thread dump of **ocie** for detailed analysis.
