

Can we restore existing cloud backup from old CVO to another CVO?

https://kb-stage.netapp.com/cloud/ncds/Cloud_Backup_Service/Can_we_restore_existing_cloud_back...

Updated: Wed, 24 Jun 2026 06:32:10 GMT

Applies to

- Cloud Volumes ONTAP (CVO)
- BlueXP
- Backup & Recovery

Answer

Yes, if the cloud backup is not deleted manually as part of cleanup, you can restore previous CVO data to a new CVO system, using Backup and Recovery feature in BlueXP.

Additional Information

For additional details on Backup and Recovery process refer: [Restore ONTAP data from backup files | NetApp Documentation](#)
