

Issue with Cloud Insights API rest/v1/assets/import API

https://kb-stage.netapp.com/cloud/ncds/DII/Issue_with_Cloud_Insights_API_rest_v1_assets_import_API

Updated: Wed, 24 Jun 2026 06:18:04 GMT

Applies to

Cloud Insights(CI)

Issue

- Issue with Cloud Insights API /assets/import to import the Application of VM/Host.
- When trying to import an API, the asset is added/ imported into the CI.
- When the same asset is added again there is a delete operation which happens.
